Describe your concept of the show? What is the genre, message, or general themes of the show, and how do you propose to direct it in order to achieve your concept (set, lights, costumes, etc.)?

If accepted, Improv Playhouse will produce the play. Producer duties will include paying royalties, providing publicity, facilities, box office staff, and a budget (covering materials, paint, costume etc.) Stipends for production staff may be available.

We cannot design or build your set, design lights or construct costumes, though we can help you find people for these jobs.
